## Microtopping

Micro Topping is versatile and robust, allowing it to be applied in various systems depending on the substrate condition or intended use.

Whether required on new concrete floors or for renovation projects on tile or parquet, a suitable design is available that will provide an attractive yet durable surface.

We design and apply it on both horizontal and vertical surfaces. We work with a wide range of high quality materials for micro topping. We carry out at stages of construction and make application of self levelling floor if it is necessary.
